ROUNDTABLE DISCUSSION : CURRENT RESEARCH ON MALAY STUDIES

Jointly Organized by The
Academy of Brunei Studies,
Universiti Brunei Darussalam

and

The Department of Southeast
Asian Studies, Goethe-
University Frankfurt

Introduction

The relationship between the Academy of Brunei Studies and the Department of Southeast Asian Studies at Goethe-University Frankfurt began several years ago. In 2012, the Director of the Academy of Brunei Studies had the opportunity to make an official visit to Frankfurt as part of a group consisting of UBD academic advisors and the Dean of the Faculty of Arts and Social Sciences (FASS).

In 2013, the two institutions successfully held an international seminar on Malay Studies at Universiti Brunei Darussalam. In order to continue and sustain this relationship, the two institutions have agreed to hold a roundtable discussion in Frankfurt in 2014.

Objective of the Roundtable:

1. To exchange information, views and thoughts through presentation and discussion on the latest research relating to the Malay world.
2. To continue and enhance the existing relationship and cooperation between the Department of Southeast Asian Studies at Goethe-University Frankfurt and the Academy of Brunei Studies of UBD.
3. The Roundtable discussion to be held at Goethe-University Frankfurt functions as an annual academic activity between the two institutions. It follows the joint seminar held at UBD in 2013.

Presenters and Participants of the Roundtable:

Presenters and participants will consist of lecturers from the Academy of Brunei Studies, Goethe-University Frankfurt's Department of Southeast Asian Studies and several invited speakers and participants.
