

Orientation Day for International Researchers

Objective

The objective of this event is to help international researchers and university staff who are new at Goethe University to get familiar with the University's administrative structure and units. Furthermore, this event offers a networking platform for all participants.

Description

Goethe Welcome Centre (GWC), the Goethe Research Academy for Early Career Researchers (GRADE) and the Department for Human Resources Development (PE/OE) invite all international researchers, PhD candidates and university staff at Goethe University to GU's Orientation Day.

An indispensable introduction to Goethe University's administrative structure and units will be given by some of the most relevant central administrative units for international researchers.

The Orientation Day will take place at Campus Westend.
