

## **Kolloquium Data Analytics and Modeling**

Friday Jan 18, 2019 in Room 09 (first floor), Institut für Informatik, Robert-Mayer-Straße 11-15.

9:30-11:30

Dr. Fariba Karimi

Structure of network influences visibility and ranking of minorities

13:00-15:00

Dr. Sebastian Tschitschek

Learning the Value of Sets - From Summarization to Recommendation

16:00-18:00

Dr. Nils Kriege

Scalable Algorithms for Mining and Learning with Graphs

Monday Jan 21, 2019 in Room 307 (third floor), Institut für Informatik, Robert-Mayer-Straße 11-15.

10:00-12:00

Dr. Gemma Roig

Modeling human vision from invariance and robustness to clutter for object recognition to multi-task

13:30-15:30

Dr. Tim Kietzmann

N.N.
