Application Procedure for Exchange Students

Deadline for student nominations by your international office is May 15th for the winter term and November 15th for the summer term. Nominations must be submitted to incoming@uni-frankfurt.de. (**Departmental exchange:** Please send the nomination carbon copy to the responsible officer at the respective faculty also.) Please provide the following information of the nominated students: (1) name, (2) e-mail address, (3) field of study at home university, (4) planned field of study at Goethe University, (5) level of studies at Goethe University ((a) First Cycle/Undergraduate/Bachelor, (b) Second cycle / Postgraduate / Master or (c) Third cycle / Doctorate / Ph.D) and (6) planned study period (winter term, summer term or winter and summer term). Please refrain from sending application documents of the student at that point.

Once nominated by the sending institution, students are required to fill in our online application form. The link to the form will be sent to the students directly starting Mid-April for students coming in the winter term and by the beginning of November for students coming in the summer term.

After submitting the online application, students need to (1) sign up for the online platform (Mobility-Online), (2) log into their personal account, (3) in the work-flow of their personal account students need to: complete their personal data, upload a photo, print the application form (PDF document) and **(4) have the form signed by their coordinator before sending it via postal mail to the International Office.**

Please note: The online-application is only valid if signed and stamped by the home university. By signing the application, the home institution confirms that they have tested the student's German language skills and that they are sufficient for study (at least level B1 according to the Common European Framework of Reference for Languages) – applicable to German taught programs.

Complete student documents must reach Ms Freier by June 15th for the winter term or December 15th for the summer term at the latest via postal mail (date of receipt). Scanned copies will not be accepted.

Application Freemover Guest Students (updated regulation)

We only accept Freemover guest students from partner institutions, if

- 1) the maximum number of students agreed upon in the exchange agreement has already been reached for the respective academic year/ semester, i.e. the student would be an additional applicant to the students nominated within the exchange.
- 2) the student cannot apply within the existing exchange program between our universities, e.g. because the student has already participated in the exchange or the field of study of the student does not concur with the field of study agreed upon in the exchange.

On the application form for incoming *Freemovers*, we will have applying students get the signature of the person in charge at the International Office, in order to confirm the above stated reasons.

The Freemover application form will be available, once the application procedure has started. Students need an academic supervisor at Goethe University in order to apply as a Freemover. Unfortunately, we do not provide student housing for Freemover guest students. Students need to look for private accommodation early enough.
