Writing Articles for International Publication in Peer-Reviewed Journals

Objective

- To understand journal editors’ criteria for selection, and apply those to your own draft article
- To identify the target readership and what they will gain from reading the article
- To learn ways to strengthen the presentation of a scholarly argument and the use of secondary scholarship
- To understand the peer review and publishing process, including copyright and open access
- To draft an abstract for the article using the framework of key elements provided, edit in pairs and revise the final version

Description

This workshop for researchers seeking to publish in peer-reviewed journals focuses on the key criteria involved in journal editors’ selection processes and peer-review, and how to meet them. Based on the inside knowledge of an experienced academic publisher, it is designed to develop essential skills in writing articles in order to increase researchers’ chances of placing their work in premium scholarly journals, to the benefit of their academic profile and career prospects.

Methodology

- Presentation and discussion
- Exercises in pairs and groups
- Quickfire writing exercise
