Basics of Grant Applications

**Objective**

The aim of this 1-day-workshop is to provide the participants with basic knowledge and competencies for the development of grant applications for funding bodies, an important element of a scientific career. The workshop concept considers the participants’ qualification phases and experiences and offers the possibility of developing and presenting a grant summary.

**Description**

The workshop deals with the theory of good writing, the basics of grant applications, hands-on exercises on defining your aims, structuring a work plan and writing a grant summary.

It combines lecture-style elements (e.g. overview of funding process and funding programmes) with active participation of participants (developing a grant summary).

The workshop covers:

- Overview on research careers and the importance of funding
- Selected funding programmes: requirements and guidelines
- Core components of a grant proposal: work plan and budget
- Criteria and perspectives of peer review
- Individual development and presentation of a grant summary
