Get That Job After Your Doctorate!
Applying and Interviewing in English

Objective
You’ve heard it often: After earning your doctorate you will be facing a highly competitive employment market. And obtaining a job in industry or a postdoc position in a research institute can be all the more challenging when you need to apply in English. That is where this workshop is meant to help.

The objective is to enable you to create effective application materials on your own and to practice techniques which help you successfully navigate interviews.

Description
The workshop focuses on the distinctive aspects of applying for industry jobs and short-term research placements with any organization world wide which follows Anglo-American hiring conventions.

It provides training in navigating selected stages of that process, including creating your curriculum vitae and cover letter and presenting yourself convincingly in the interview.

The workshop’s agenda follows the typical order of the application process, from crafting the CV to writing a thank-you note after an interview:

- Part 1: Curriculum Vitae
- Part 2: Cover Letter
- Part 3: Interview and Thank-You Note

The workshop is held in English by a native speaker.
