Fit for Third-Party Funding

**Objective**
This online workshop will present the key elements required for planning and preparing an application for **own funding** after the completion of a doctorate. The participants need no prior experience in applying for third-party funding.

**Description**
A successful academic career includes the acquisition of third-party funding as a main applicant from research organizations such as the DFG. This workshop offers information on the theoretical part of such an application - from planning to submission!

- Find the right funding scheme for your career phase and acquaint yourself with the specific requirements (Examples will be provided).
- Planning a convincing research application for your career development: How important are clear career goals? How important is it to be the main applicant, and why?
- 4-step model of plan-and-prepare
- Which key elements make up a successful application strategy?
- Writing the application: the most important elements for a convincing project design and application
- Tips & tricks, do’s & don’ts

**Methodology**
- Digital workshop, tool: Skype
- Theory with practical exercise and a lot of time for Q&A
- Practical part I: Cross-check career status: Short oral presentations by participants

**Conditions**
- Participants need a Skype profile and headset/earphones with microphone
- Participants are asked to send their up-to-date CV until **17 June 2022** to the trainer
- Have CVs available during the workshop
- Those, how have already participated in this workshop (in German or English) will not be considered for registration again.
