

## Goethe University's support of refugee scientist from Ukraine

Франкфуртський Університет Гете рішуче засуджує загарбницьку війну Росії проти України. На знак солідарності з українськими вченими, нашою великою метою є в межах наших можливостей допомогти якомога більшій кількості біженців і переміщених осіб розвинути нові перспективи. Для підтримки численних науковців з докторськими ступенями, які змушені були припинити свої дослідження в Україні і наразі є втікачами від наслідків війни, Університет Гете - за підтримкою Фонду Гете-Україна - пропонує щонайменше 10 дослідникам короткострокові гостьові контракти для науковців. Ця ініціатива також має зміцнити академічну співпрацю між Університетом Гете та українськими науковими установами в майбутньому.

---

Goethe University Frankfurt strongly condemns Russia's war of aggression against Ukraine. Showing solidarity with the people of Ukraine, Ukrainians all over the world, as well as anyone who chooses to demand peace and freedom in Russia or worldwide is of great concern to us.

To support post-doctoral scientists who had to interrupt their research in Ukraine and are now fleeing the consequences of war, Goethe University offers **10 Goethe Refugee Fellowships** within the framework of the Goethe-Ukraine-Fund. This also intends to strengthen future academic cooperation between Goethe University and Ukrainian research institutions.

### Target group

- Post-doctoral scientists who have fled Ukraine due to the war and wish to continue their research as visiting scholars at Goethe University.
- Scientists from third-countries who are also affected by the war and who cannot return home are eligible as well.

### Type of support

- 10 fellowships of €1,000 per month for a period of up to 6 months (with a contract as visiting scholar).
- Visiting scholars may also use services offered by the “Academic Welcome Program” and the “Goethe Welcome Center”.
- The Graduate Academy GRADE provides programmes for refugee scientists from Ukraine, thus ensuring integration and networking with colleagues of the same career level.
- Advice on how to acquire research funding from relevant third-party bodies.

## Requirements

- researchers must be located in Germany when starting their contract and for the entire duration of it
- scientific compatibility with one of the Goethe University's 16 faculties
- admission to a research group / institute of Goethe University

## Application procedure

Please contact the Research Support with the required documents, in either German or English, via the contact address: [refugeeresearchers@uni-frankfurt.de](mailto:refugeeresearchers@uni-frankfurt.de)

- Scientific curriculum vitae (CV)
- Certificates of academic training (if possible)
- Brief description of the research project (max. 3 pages)
- Letter of commitment from the respective research group leader or head of department at Goethe University. Please send an e-mail if you need assistance in connecting with an institute or department.

Applications can be submitted at **any time**.

The selection process will take place in a timely manner and will end once the maximum number of fellowships has been awarded.
