Negotiating Your Salary

Objective
To get a fair salary is a legitimate goal. But some well-known mechanisms let us accept less. Nobody can change the job market. But you can influence your own performance in negotiations.
This can be your ambition: No more concessions than necessary!

Description
After having attended this online workshop, you will
• be familiar with a method which avoids almost all possible mistakes,
• use only a few words,
• know and sidestep the tricks of interviewers,
• prepare your interview by comparing salaries in your market,
• understand that “being cheap” is a fatal strategy.

Methodology
You will get some lists & tips.
You will discuss your experience and ask questions.
Maybe you will want to try to simulate the negotiation.
It’s a workshop, not a lecture!
