

Project Presentations and Talks

BIC Meeting

Venue: **Thursdays 13:30** BIC Building
(**Summer Term 2022**, Lectures 11th April – 15th July)

14. April 2022 **Fiona Chang (MPI for Empirical Aesthetics)**

Brain mechanisms in skill learning - neural sensorimotor representations of musical sequences

21. April 2022 **Noa Schwensfeier (Ernst Strüngmann Institute)**

Can the decodability of working memory representations be improved via stochastic resonance?

28. April 2022 **Franziska Frank (Neurology)**

Establishment of imaging biomarkers for early disease progression in cerebral small vessel disease

05. May 2022 **PI Meeting**

12. May 2022 **Adam Reynolds (MPI for Empirical Aesthetics)**

Dissociating Incentive Saliency from Aesthetic Appeal

19. May 2022 **Daniela Sammler (MPI for Empirical Aesthetics)**

Hierarchical action planning during music production

26. May 2022 Ascension Day (Christi Himmelfahrt)

02. June 2022 **Seyma Alcicek (Neuroradiology)**

Zero- and Ultralow-Field NMR for Chemical and Biochemical Analysis

09. June 2022 **Jan-Rüdiger Schüre (Neuroradiology)**

Metabolic Information in APT-CEST Imaging. A combined ^1H and ^{31}P MRS Study for the Evaluation of pH-Sensitivity

16. June 2022 Corpus Christi (Fronleichnam)

23. June 2022 **Ralf Deichmann (Core Structure)**

Frequent Errors in MR Data Acquisition: How to avoid them

30. June 2022 **Ralf Deichmann (Core Structure)**

Segmentation of Brain Data using FSL

07. July 2022 **PI Meeting**

14. July 2022 xxx
