## Research Proposal

Title:

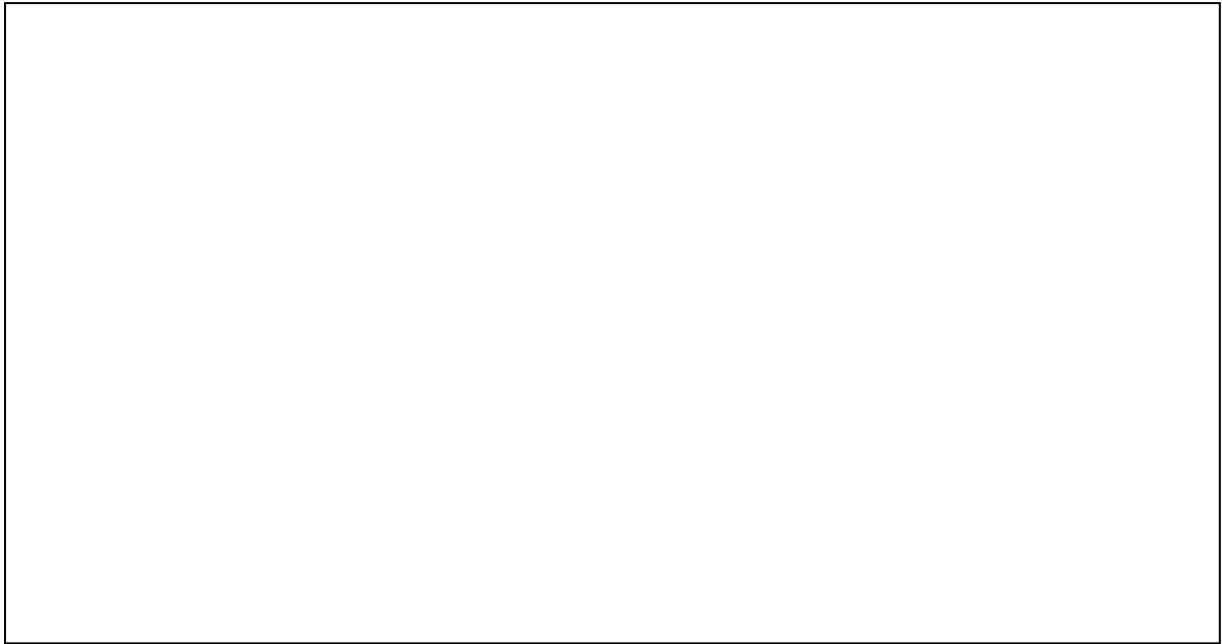

Author:

The aim of the research proposal in the MEAS application is to demonstrate your academic skills, your interest and prospective focus within the master programme. The proposal has to cover a topic within the regional and disciplinary range of the programme. Please find detailed guidelines for the research proposal in the document “Guidelines for Composing a Research Proposal” in our download section.

The research proposal has to be written in English and should be 800 to 2,000 words long. While the first text field below allows 600 additional words for academic references in the text, we suggest to keep them short (i.e.: Pierke 1993: 6). Moreover, the second text field below offers space for the bibliography without any word restrictions.

**1. Research proposal text:** (word restriction: ca. 2.000 words for the proposal text + 600 words to fill in the necessary references)

## 2. Research proposal bibliography: (no word restrictions)

A large, empty rectangular box with a thin black border, intended for the student to write their research proposal bibliography. The box is currently blank.
