Fit for Third-Party Funding - digital

Objective
This workshop will present the key elements required for planning and preparing an application for own funding after the completion of a doctorate. The participants need no prior experience in applying for third-party funding.

Description
A successful academic career includes the acquisition of third-party funding as a main applicant from research organizations such as the DFG. This workshop offers information on the theoretical part of such an application - from planning to submission!

- Find the right funding scheme for your career phase and acquaint yourself with the specific requirements (Examples will be provided.).
- Planning a convincing research application for your career development: How important are clear career goals? How important is it to be the main applicant, and why?
- 4-step model of plan-and-prepare
- Which key elements make up a successful application strategy? Project: What is a good research question?
- What is particularly important in the review process? Tips & Tricks
- Writing the application: the most important elements and documents needed for a convincing project design and application, Do's & Don'ts

Methodology
- Digital workshop, tool: Skype
- Theory with practical exercise and a lot of time for Q&A
- Practical part I: Cross-check career status: oral presentations by participants, discussion within the group, feedback from the trainer

Conditions
- Participants need a Skype profile and Headset (earphones with microphone)
- Participants are asked to send their up-to-date CV until 25 June 2020 to the trainer
- Have CVs available during the workshop
