

Cluster 1: Health

Host: Universitätsmedizin der Johannes Gutenberg-Universität Mainz

Speaker: Dr. Andreas Krell ([KoWi](#))

Date: Wed, 21.04.2021: 10 – 12 a.m.

This event will provide insights in "Cluster 1: Health" of the new research framework "Horizon Europe". After a brief introduction into "Horizon Europe" the six Destinations and related political ambitions of "Cluster 1: Health" are presented. The focus will be in particular on impact and expected outcome. Additionally, the existing and future partnerships are presented and an insight into the "Cancer" mission is given.

The event is explicitly open for medical scientists and clinician scientists as well as participants from the industrial sector as cross-sectoral cooperation are welcomed by the EU. You are very welcome to invite members from your network!
